

COMPREHENSIVE SCHEDULE OF FEES AND CHARGES ADOPTED BY THE ROSEMEAD CITY COUNCIL THROUGH RESOLUTIONS 2009-47, 2009-50, 2009-60, 2010-33, 2010-45, AND 2010-46

WHEREAS, the Municipal Code of the City of Rosemead provides that certain filing fees, permit fees, inspection fees, deposits, and conditions of service may from time to time be established by the City Council, and

WHEREAS, the City Council of the City of Rosemead has determined that the cost of providing certain services is not of general benefit but of benefit to the individual and, therefore, certain filing fees, permit fees, inspection fees and deposits should be required to pay for materials and special services performed by the City staff, and

WHEREAS, after the passage of Propositions 4 and 218, local governments were made to charge for the costs of services to those who benefited, and

WHEREAS, for certain services performed, the cost of providing said services greatly varies and is contingent upon the specifics of each project or application. In certain instances, the City Council finds it more appropriate to require an initial deposit to guarantee the applicant will reimburse the City for costs associated. If the costs exceed the deposit, the applicant shall be responsible for additional deposits or reimbursement necessary to offset cost. If cost of service performed is less than deposit, then the difference shall be refunded to applicant, and

WHEREAS, based upon fee justification reports on file with the City Clerk and the City Finance Director, the City Council finds that the fees included in the Resolutions represent a portion of the actual costs of the services provided or facilities funded and, therefore, there is a rational relationship between the fees charged and the services and facilities funded, and

WHEREAS, the City Council has found that since the fees represent a portion of the actual costs of the service or facilities provided, there is a reasonable relationship between the amount of the fee charged and the costs of the services provided to the person paying the fee, and

WHEREAS, the City Council may adjust fees for certain services from time to time and incorporate all adjusted and/or new fees for services provided into one comprehensive schedule, and

WHEREAS, the City Council has found it necessary to adjust fees for services, and to maintain a comprehensive document which incorporates most or all fees for services provided by the City into one schedule, however, the City Manager has the authority to establish staff billing rates and equipment charges by Administrative Policy on an as needed basis, and

WHEREAS, after notifying those parties interested in fee revisions the City Council adopted the various resolutions establishing fees at various meetings.

NOW, THEREFORE, the City Council of the City of Rosemead has resolved as follows:

SECTION 1. That the general regulations and project deposit guidelines are established as follows:

A. TIME AND MATERIALS DEPOSITS – Certain types of applications have been determined by the City Council to benefit the applicant. Therefore, these deposit projects will be billed on a time and materials basis including applicable administrative overhead.

Project costs include City Attorney, City Staff, City Engineer, City Landscape Consultant and other fees including overhead costs for staff and contract personnel. All deposited fees shall be due and payable immediately upon presentation of a billing statement by the City. All deposited fees not used to process and manage the application shall be returned after receipt and payment of final project-related bills. Staff's billing rates and equipment charges are established periodically by Administrative Policy of the City Manager.

B. BILLING - Failure to pay all charges invoiced within thirty (30) days of the date of invoice shall be considered a sufficient cause to stop processing until full payment is made. The City will accept only cash, cashiers checks, bank checks or credit/debit cards; payment by credit/debit card may not exceed \$5,000 (five thousand). Work on a deposit project will not commence until payments have cleared the bank and funds have been transferred to the City. Projects shall not be deemed approved until all City fees have been paid in full.

C. LATE PAYMENT CHARGE - Outstanding balances that are not paid in full within twenty-five (25) days after the statement is rendered shall accrue a late payment fee of one percent (1%) per month.

D. REVISIONS - Fees set forth for plan check and development review shall be for the initial application. See attached fee listing for additional costs for revisions.

E. RECORDS - Records of deposit projects are available by contacting the City. Project deposit updates or closing out of projects shall be accompanied by project summary sheets, detailing costs of staff time, City Attorney, City Engineer, City Landscape Consultant, and other consultation charges.

F. HARDSHIPS - Fees shall be paid in full for all development projects. The City recognizes that in unique and special circumstances financial hardship may preclude the full payment of fee prior to application for permits. In such cases, the applicant shall apply for a payment deferral agreement with the City Manager.

In no case shall the fees be waived or partially paid when the project is completed. The applicant shall state in writing the reasons for deferral. The City Manager shall inform the Community Development Director and Finance Director in writing of the fee deferral and reasons for the deferral. In no case shall the City Manager permit less than half of the fee to be initially paid.

G. OTHER FEES AND CHARGES FOR SERVICE - Applicants should be aware that they may be subject to other fees and charges for service established periodically by Administrative Policy of the City Manager or by Ordinance.

H. EXEMPTION OF FEES - Where it is verified by the City Manager or appropriate department head that the City is the applicant or party to be charged, fees will be waived. Additionally where a contractor has been hired on behalf of the City, fees may be waived at the discretion of the City Manager.

SECTION 2. That the general regulations and project deposit guidelines are established as follows:
